ARPA Progress Report - Training Spreadsheet

Instructions: Identify each staff member that participated in a training funded by ARPA funds. Create a new spreadsheet for each training funded by ARPA funds. List each individual who participated in the training on separate row. If the training was completed over multiple days, then there is no need to fill in the "Time In" nor "Time Out" columns.

NOTE: All trainings must match current evidence-based practices. ARPA funds may not be used for any trainings attended that are not evidence-based nor applicable to El. If you have any questions about whether ARPA funds can be used to pay for a specific training, please reach out to your program consultant prior to conducting the training.

Name of Training:	
Trainer:	

Print Name	Signature	County	Role	License/Credential/ Certification Type	Method of Training (e.g., In-Person, Virtual, Self-Paced, etc.)	Training Date(s)	Time In	Time Out
								<u> </u>
